India: BigMint's billet index dips amid modest buying - 30 Jun

30 Jun 2025

BigMint's billet index slipped by INR 50/tonne (t) d-o-d to INR 37,000/t exw-Raipur on 30 June 2025, amid modest buying activity and largely range-bound market sentiments.

Spot offers witnessed minor downward adjustments, though a slight improvement in semi-finished steel demand was observed. Buyers opted for need-based procurement, as muted sales in the finished steel segment kept them cautious.

Notably, competitive pricing from neighbouring regions led to improved bookings for higher-grade billets by Raipur-based buyers, while overall transaction volumes remained moderate.

In the finished steel segment, rebar prices declined by INR 300/t d-o-d, reflecting the weak sentiment, while wire rod prices remained unchanged. Additionally, sponge iron prices in Raipur fell marginally by INR 50/t d-o-d.

The conversion spread from sponge iron (PDRI) to billets for standalone induction furnaces in the Raipur cluster was assessed at INR 14,600/t.

Rationale

This index is derived based on transactions, offers, bids, and indicative price data sets. Transactions are considered T1 and given a

weightage of 50%, whereas other data sets are considered as T2 and given a weightage of the balance 50%.

Transactions (T1) - Five trades at INR 37,000-37,100/t were recorded during the 2:30 pm to 5:30 pm BigMint trading window and considered for final price calculation as T1 inputs. The average of these transactions was INR 37,033/t, which was given a 50% weightage in the final price calculation.

Other price indicators - bids/offers/indicatives (T2) - Nine offers were reported in the trading window and considered as T2 inputs. The average price of these nine was INR 37,000/t and given a 50% weightage in the final price calculation.

The final price of billets was INR 37,016/t exw-Raipur, rounded off to INR 37,000/t exw.

From BigMint Team - While it would be our earnest endeavour, at BigMint, to bring about transparent and unbiased price index reporting, we would request all our readers and subscribers for their feedback and if they could participate in the reporting of more transactions.
