India: BigMint's billet index drops by INR 150/t d-o-d amid modest buying - 30 April

30 Apr 2025

BigMint's billet index declined marginally by INR 150/tonne (t) day-on-day, settling at INR 40,350/t exw-Raipur on 30 April 2025, amid modest buying interest and a slight recovery in semi-finished steel trading.

Market sentiments remained range-bound, with moderate demand seen in the semi-finished steel segment, where sellers reduced offers to encourage buying activity. This led to a marginal improvement in trading volumes d-o-d. However, demand for finished steel continued to struggle, weighed down by a prolonged downtrend in the market.

Key Highlights:

Rebar and wire rod prices dropped by INR 300/t amid slight pressure in the finished steel segment.

Sponge iron prices in Raipur recorded a sharp decline of INR 550/t d-o-d although buying improved.

The conversion spread from sponge iron (PDRI) to billets for standalone induction furnaces in the Raipur cluster improved to INR 16,200/t, primarily supported by falling input costs.

Rationale

This index is derived based on transactions, offers, bids, and indicative price data sets. Transactions are considered T1 and given a

weightage of 50%, whereas other data sets are considered as T2 and given a weightage of the balance 50%.

Transactions (T1) - Three trades at INR 40,300-40,400/t were recorded during the 2:30 pm to 5:30 pm BigMint trading window and considered for final price calculation as T1 inputs. The average of these transactions was INR 40,355/t, which was given a 50% weightage in the final price calculation.

Other price indicators - bids/offers/indicatives (T2) - Eleven offers were reported in the trading window and considered as T2 inputs. The average price of these eleven was INR 40,366/t and given a 50% weightage in the final price calculation.

The final price of billets was INR 40,361/t exw-Raipur, rounded off to INR 40,350/t exw.

From BigMint Team - While it would be our earnest endeavour, at BigMint, to bring about transparent and unbiased price index reporting, we would request all our readers and subscribers for their feedback and if they could participate in the reporting of more transactions.
