India: BigMint's billet index slips INR 150/t further amid sustained weak buying - 18 April 2025

18 Apr 2025

BigMint's billet index declined for the third consecutive session, falling by INR 150/tonne (t) d-o-d to settle at INR 41,000/t exw-Raipur on 18 April 2025, as market demand remained subdued.

The market continued to witness a downward pressure on spot offers, with sellers trimming prices to encourage buying in both the semi-finished and finished steel segments. Although a few trades were concluded at lower offer levels, overall buying sentiment stayed weak.

In the finished steel segment, rebar prices declined by INR 200/t, while wire rods dipped slightly by INR 100/t d-o-d. Meanwhile, sponge iron prices in Raipur also softened by INR 100/t d-o-d

The conversion spread from sponge iron (PDRI) to billets for standalone induction furnaces in the Raipur cluster was assessed at INR 15,400/t.

Rationale

This index is derived based on transactions, offers, bids, and indicative price data sets. Transactions are considered T1 and given a weightage of 50%, whereas other data sets are considered as T2 and given a

weightage of the balance 50%.

Transactions (T1) - Two trades at INR 41,000/t were recorded during the 2:30 pm to 5:30 pm BigMint trading window and considered for final price calculation as T1 inputs. The average of these transactions was INR 41,000/t, which was given a 50% weightage in the final price calculation.

Other price indicators - bids/offers/indicatives (T2) - Fifteen offers were reported in the trading window and considered as T2 inputs. The average price of these fifteen was INR 41,041/t and given a 50% weightage in the final price calculation.

The final price of billets was INR 41,021/t exw-Raipur, rounded off to INR 41,000/t exw.

From BigMint Team - While it would be our earnest endeavour, at BigMint, to bring about transparent and unbiased price index reporting, we would request all our readers and subscribers for their feedback and if they could participate in the reporting of more transactions.
