India: BigMint's billet index remains stable - 22 July

22 Jul 2025

BigMint's billet index was stable at INR 36,700/t exw-Raipur on 22 July 2025. The upward trend seen yesterday was primarily driven by continued raw material cost pressure, even as buying activity in the semi-finished steel segment remained subdued.

However, buyers today continued to negotiate at previous price levels. During the first half of the session, prices saw a slight dip; however, with rates nearing the bottom, sellers resisted offering further discounts. Additionally, firm raw material costs lent support to the prices in the latter half of the day.

Commodity snapshots

Rebar: Prices moved slightly upward.

Wire rod: Prices remained stable today.

Sponge iron: Prices increased by INR 50/t.

The conversion spread from sponge iron (PDRI) to billets in the Raipur induction furnace steel hub narrowed further to INR 12,800/t.

Rationale

This index is derived based on transactions, offers, bids, and indicative price data sets. Transactions are considered T1 and given a weightage of 50%, whereas other data sets are

considered as T2 and given a weightage of the balance 50%.

Transactions (T1) - One trade at INR 36,700/t were recorded during the 2:30 pm to 5:30 pm BigMint trading window and considered for final price calculation as T1 inputs. The average of these transactions was INR 36,700/t, which was given a 50% weightage in the final price calculation.

Other price indicators - bids/offers/indicatives (T2) - Seventeen offers were reported in the trading window and considered as T2 inputs. The average price of these seventeen was INR 36,715/t and given a 50% weightage in the final price calculation.

The final price of billets was INR 36,707/t exw-Raipur, rounded off to INR 36,700/t exw.

From BigMint Team - While it would be our earnest endeavour, at BigMint, to bring about transparent and unbiased price index reporting, we would request all our readers and subscribers for their feedback and if they could participate in the reporting of more transactions.
