# India: BigMint's billet index declines INR 350/t amid limited buying d-o-d - 27 Sep

27 Sep 2024

BigMint's billet index dropped further by INR 350/tonne (t) today, settling at INR 39,600/t exw Raipur.

The billet index recorded a further decline, driven by fluctuating market sentiments and continued weak demand in both the semi-finished and finished steel segments. This persistent low demand kept buying activity subdued, with participants adopting a wait-and-watch approach, closely monitoring market movements for potential shifts in the near term. Around 1,500 t of deals were recorded on Friday as against 1,480 t as on 26 September.

In the finished steel, rebar prices decreased by INR 200/t, with only 500 t of deals recorded. Wire rod prices also declined by INR 500/t d-o-d. Additionally, sponge iron prices in Raipur edged down by INR 300/t.

The conversion spread from sponge iron (PDRI) to billets for standalone furnaces in the region was recorded at INR 12,700/t.

### Rationale -

This index has been derived based on transactions, offers, bids and indicative price data sets. Transactions are considered as T1 and given a weightage of 50% whereas other data sets are

considered as T2 and given a weightage of the balance 50%.

- **Transactions (T1)** - Three trades at INR 39,600-39,800/t were recorded during the 2:30 pm to 5:30 pm BigMint trading window and considered for final price calculation as T1 inputs. The average of these transactions was INR 39,600/t which is given a 50% weightage in the final price calculation.
- **Other price indicators - bids/offers/indicative (T2)** - Eight offers were reported in the trading window and considered as T2 inputs. The average price of these eight was INR 39,580/t and given a 50% weightage in the final price calculation.

The final price of billets exw-Raipur was at INR 39,590/t, rounded off to INR 39,600/t exw.

From BigMint Team - While it would be our earnest endeavour, at BigMint, to bring about transparent and unbiased price index reporting, we would request all our readers and subscribers for their feedback and if they could participate in the reporting of more transactions.
